

MEDICAL SPECIALISTS AND FACILITIES

Updated July 2022

The American Citizen Services Unit welcomes comments, both positive and negative, about any of the providers listed herein, and also welcomes corrections regarding any of the contact information provided herein. This list is not intended to be comprehensive, there are many excellent providers not included in this list.

DISCLAIMER: The U.S. Consulate General, Mumbai, India assumes no responsibility or liability for the professional ability or reputation of, or the quality of services provided by, the medical professionals, medical facilities whose names appear on the following lists. Inclusion on this list is in no way an endorsement by the Department of State or the U.S. Embassy/Consulate. Names are listed according to specialty alphabetically, and the order in which they appear has no other significance. The information in the list on professional credentials and areas of expertise are provided directly by the medical professional, medical facility or air ambulance service; the Embassy is not in a position to vouch for such information. You may receive additional information about the individuals and facilities on the list by contacting local medical boards and associations (or its equivalent) or local licensing authorities.

The quality of medical care in India varies considerably. Medical care in the major population centers approaches and occasionally meets Western standards, but adequate medical care is usually very limited or unavailable in rural areas.
